This section is *optional* and can be used to provide a summary of recommendations to the IT manager regarding which controls and/or compliance best practices Botium Toys needs to implement, based on the risk posed if not implemented in a timely manner.

Recommendations (optional): In this section, provide recommendations, related to controls and/or compliance needs, that your IT manager could communicate to stakeholders to reduce risks to assets and improve Botium Toys' security posture.

To improve Botium Toys security and reduce risk, the following actions are recommended:

- 1.) Encrypt credit card data and handle it only in secure environments to meet PCI DSS standards
- 2.) Classify and track all sensitive data to help meet GDPR requirements and protect customer information
- 3.) Set up clear user access rules and make sure private data stays confidential to meet to SOC Standards
- 4.) Train employees regularly on security awareness to avoid mistakes like phishing or weak passwords
- 5.) Run regular security checks to find and fix problems before they become very serious
